

## More Families Step Up to Foster

FosterAll has made significant strides in family recruitment this year. We welcomed 40 new faith partners and gave over 200 (and counting) Foster Care Awareness Presentations and AskAways to thousands of congregants. As a result, over 600 families have expressed interest in fostering and more than half of the families are being interviewed by FosterAll and/or proceeding to a foster family agency to become foster parents. We are so very thankful to our partners and to the many families who are answering the call.

## Los Angeles Archdiocese Partnership

FosterAll is deeply grateful for its partnership with the Archdiocese of Los Angeles and for Kathleen Domingo, Director of Office of Life, Justice and Peace, for spearheading a Foster Care Awareness Campaign to its 300 parishes on the need for more foster families. Catholic leaders and priests from across the county have opened their doors for FosterAll to recruit families from both English and Spanish congregations. Hundreds of families have stepped forward to learn about fostering and to become foster parents. It's truly a blessing to see the Archdiocese, their parishes and parishioners embrace foster care.

Superior Court Judge Brett Bianco

## A Total Success!

Our Breakfast of Champions was enthusiastically received. Faith leaders and champions shared a few high points from Foster Care Program Activities they held this year, had a delicious breakfast, and were entertained and inspired by our guest speaker, The Honorable Judge Brett Bianco, a Superior Court Judge from Edelman's Children's Court.

## Angelus News Article

A special thank you to the LA Archdiocese for featuring FosterAll in its November issue of Angelus News.

## Christmas Breakfast Celebrations

On December 22nd, 21 Faith Partners are hosting over 250 kids and youth from Residential (Group) Facilities for Christmas Celebrations this year, complete with a delicious meal, two to three gifts, stockings stuffed with goodies, and fun games of all kinds. The youth and staff are so grateful for these events and it is all thanks to the congregants who give so generously of their time, talent, and support. It is because of your support that each child has the chance to feel loved and cherished this holiday season.

## Happy Holidays

We would like to hit the pause button in the midst of a hectic holiday season and say "Thank you". The quality of work we do and our many accomplishments throughout the years are made possible because of the numerous investments each of you have made. From our faith partners, to our donors, to our families, all supporting a cause that we have believed in for over 30 years. Our hope this Christmas is for each of you to experience joyous moments with your loved ones, safe travels and abundant blessings. Happy Holidays.
